✦ **2012 Dues are Due!**, Eileen Armagost, WDØDGL

✦ **Radio Mobile**, George Brady, KCØYHA

✦ **Recovery from Disaster (G270.4) Class**, Bob Zimprich

**2012 Dues are Due!**

Please pay your dues so you are current. I've deleted those with 2010 paid dues and will delete those with 2011 dues not paid the next time the Rag is published.

Thanks!

Eileen, WDØDGL

**Radio Mobile**

Interested in plotting your stations radio coverage? Interested in profiling the RF path between your station and a repeater or another station? If so, plan to attend the May DRL club meeting. W6OAV will discuss and demonstrate a computer program called Radio Mobile. Radio Mobile is a simulation program used to predict radio coverage of a base station, a repeater, or another radio network. This program is free, easy to install, and easy to use.

This presentation is complements of Bill Rinker, W6OAV, and the Denver Radio Club Newsletter, ROUNDTABLE.

George Brady, KCØYHA

**Recovery from Disaster (G270.4) Class**

Greetings,

There are seats available in the upcoming Instructor Led Recovery from Disaster (G270.4) class. There is no charge for the course. This is a two day course and is being taught at the State EOC by Bob Wold. Recovery from Disaster is often more complex than managing the disaster itself. Learn how to integrate yourself and your group into this process. Registration is through CO.TRAIN at <https://www.co.train.org/DesktopShell.aspx>. If you don't already have a CO.TRAIN account, now is a great time to sign up as more and more Metro training opportunities are being offered through CO.TRAIN.

Best Regards,

Bob Zimprich
